description:

Spacious and bright transversal apartment 5 minutes walk from the beach and all services. It consists of a small entrance, a large living room with access to the terrace, a master bedroom with a built-in wardrobe, a second bedroom with a built-in wardrobe, a full bathroom with a bathtub, a kitchen with all appliances. It would be difficult to point out a main feature, due to its excellent location and magnificent orientation, a large terrace that allows you to enjoy incredible light all year round and a dreamy sunset. The distribution of this apartment is very well thought out, taking advantage of every available m². Due to its height (third floor) the terrace offers a panoramic view of a pine field and the sea. The house, with a small reform of the kitchen and the bathroom, could be wonderful with great potential as a first home or for long-term and holiday rentals. Offers are received and studied. PA1
